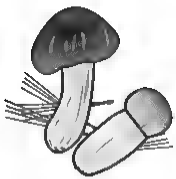
Hanaukyo Maid Tai chapter 40 is finally done! I started working on this series thinking it would be a lot easier to work with, but it is more challenging than I thought.

- Ren-chan

The first HMT chapter we put out after months of hiatus. We hope you guys enjoyed this release. One of the things we need to mention is the Matsutake Mushrooms that Taro and Shizuka were supposed to pick up in the mountains.



The Matsutake mushroom is prized in Japan for its distinct spicy-aromatic odor. But since it's hard to find, it is very expensive and high quality Matsutake mushrooms could fetch up to $2,000 per kilo. That much for a fungus!
